

THE BRIGHTER SIDE!

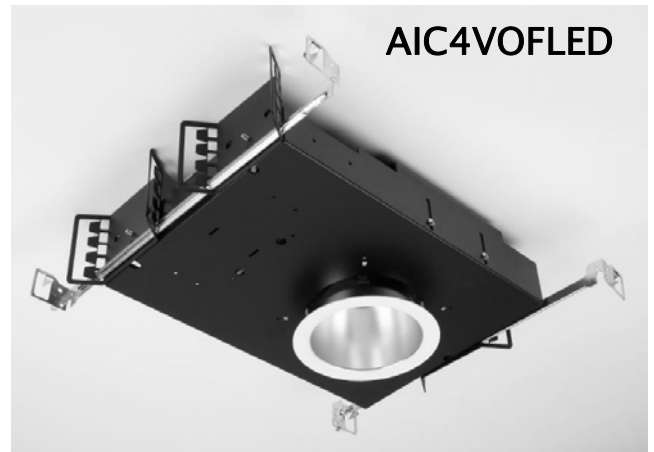

Vantage Lighting—F Class GEN V

Vantage Lighting Sets a New Standard for Being **Shallow**

- The new 5th generation of F Class downlights is about to launch.

Vantage's completely redesigned F Class GEN V downlights lead the industry in flexibility and performance while taking up little space in the plenum.....less than 3.25" in many configurations.

- **Fortimo Flex LED Module**
 - Proven technology, with 5 year warranty
- **Reduced Plenum Depth**
 - Prevents conflicts with mechanical systems
 - Perfect solution for medical, hospitality and old work projects
- **Lumen Range 750-7000**
 - Maintain the same look throughout the project
- **4, 6 and 8" Round Apertures**
 - The most common sizes on commercial projects
- **Beautiful New Etched Clear Reflector Finish**
 - Appeals to even the most discriminating designer
 - Precise distribution with Beam Shaper optics in 10° increments
- **IC Configurations Maintain Shallow Depth**
 - Can fit into the shallowest of eaves and plenums
- **0-10 volt Dimming to 1% Output**
 - A common requirement in the specification market.

Louis Poulsen Launches “Above”, a New and Elegant Pendant

Design:

Mads Odgård

Concept:

The fixture emits soft comfortable downlight. The conical shape and the matte, white-painted inside help assure even distribution of the light. The opening in the top of the fixture provides decorative illumination of the arch above, and ensures that the fixture retains the full expression of its visual shape both when illuminated and when switched off.

Finish:

White, matte or black, matte, wet painted.

Material:

Shade: Spun aluminium.

Mounting:

Canopy: Black. Cord type: 3-conductor, 18 AWG black PVC power cord. Cord length: 12’.

Weight:

Min: 1 lbs. Max: 9 lbs.

Compliance:

cULus, Dry location.

One design, Four Sizes

- Above will be available in four different sizes: Ø6.9", 9.8", 15.7", 21.7". The different sizes allows Above to function as decorative lighting solutions in restaurants, hotel lobbies and large offices etc., as the biggest size is perfect as a large room pendant.

Fixture output (Lumens)

- 6.9" = 351 lumens (3.5 lm/W)
- 9.8" = 319 lumens (3.2 lm/W)
- 15.7" = 1,253 lumens (6.3 lm/W)
- 21.7" = 1,678 lumens (8.4 lm/W)

WILA Lighting Changes Name to ALPHABET Lighting

A.B.C... As Easy As 1.2.3....

“Our mission is simple; to produce the best downlights with cutting edge, premium technology at a competitive price. We understand the importance of availability and have committed to a rich Quick Ship platform to ensure product is always on our shelf and ready to ship.”

- Specifier and Agency inspired Comprehensive line of products
- As a standard: all downlights are integrated with XICATO XTM LED and eldoLED, Flicker-free, 1% dimming

Here's what this means for you:

- All outstanding and future project specifications and fulfilment for WILA products will remain without change
- Most existing products and part numbers remain the same (some ordering codes have changed)
- Introduction of new technologies and product series
- Most downlights in stock in CA for 3-7 day Quick Ship (14 days for Lutron) (1000+ projects 14-30 days)
- Very competitive price structure for new product series
